Graduate Students Workshop on the Analysis of PDEs

Date: July 13 – 14, 2023

Venue: Science Hall 225, Yonsei University

Workshop Web Page

The aim of workshop is to bring together graduate students to share their recent research results on the analysis of PDEs. We invited speakers who are talking about PDEs of fluid mechanics, kinetic theory, elliptic and parabolic equations.

Undergraduate/Graduate students and postdocs are particularly encouraged to participate in.
